FDD Abstract of 

LIST OF AGFA/WOLFEN INSTALLATIONS ( 118 pp; German; Jan 1950 )

25X1X

This photostated document is a plant index of the Agfa Wolfen Film Factory compiled according to buildings and ~~their~~ operation account numbers (Betriebskonten). /Although not indicated, these account numbers may be for a system of filing and indexing 7.

The index consists of 6 parts. The first part, pages 1-40, is an index of operations. The list shows building number, type of operation, operation number, operation account number, and installation account number. The second part, pages 41-44, is a list of buildings outside the main factory grounds. The list is divided in the same manner as part one.

The third part, pages 45-48, is a list of barracks outside the main factory grounds. The fourth part, pages 49-58, lists the living quarters; the fifth part, pages 59-66, lists general installations. Parts 3-5 are sub-divided in the same manner as the first two.

The last part, pages 67-116, consists of a compilation of the buildings according to operation account numbers. This list is divided into operation account number, type of operation or installation, and building number.
